## Letters to the Editor

### Fireman says 'enough'

I have served on the Hoopeston Fire Department for 13 years and have enjoyed being a part of the tradition and service to this community. I appreciate the words of encouragement and support I received from many of the citizens when I recently approached the City Council to ask for a variance.

As with any controversial issue, many rumors fly. I

have always felt it important to voice my opinion within the department, but I have never and will never question the importance of each fireman within this department. From the youngest rookie to the oldest veteran, each plays an important part of making this department function efficiently.

Unfortunately, I have lost the trust and support some of the department. Trust is of the utmost importance in

firefighting. I feel it would best benefit the department to not pursue this issue and, therefore, am withdrawing my request from the City of Hoopeston.

Thank you again to the many folks who offered support.

Layton Seggebruch
