Parking changes announced for ER, surgery construction

The administrative team of Hoopeston Regional Health Center recently announced construction projects that were going to begin both on the hospital campus and off. On April 4, construction crews moved into Hoopeston Hospital in preparation to begin the expansion and renovation of the emergency and surgical departments. When finished, this expansion will enable the team of medical providers at the HRHC to provide the best care in the area.

Because of construction, parking and access to

some parts of the hospital may be restricted for a short time. The administrative team's main goal of this project is to get it done correctly and quickly, so that HRHC can continue giving you the best quality healthcare, close to home.

General visitor and patient parking is still available in front of facility along Rt. 9. ER parking has been relocated to spaces between the hospital and Charlotte Ann Russell Medical Center.

Those who have questions about care during construction, or about this project please contact HRHC CEO, Harry Brockus at 217-283-5531 ext. 240.
