Kyla Nikole Kinney was a little girl who was full of life and loved her family with all her little heart. Kyla was only two years old when she went to be with Jesus.

On September 13, 2009 Kyla came down with a fever. On September 14, she took a turn for the worse and was rushed to the hospital where she then was diagnosed with Neisseria Meningitis, an aggressive form that attacks the vital organs rapidly.

Kyla passed away September 15, 2009. She was an organ donor and we are very pleased to say that she saved a nine-year-old girl's life.

Kyla is very special to all of us, so please join us in remembering our precious angel and help give back to the children.
