Hoopeston receives \$750,000 water main grant

Mayor Bill Crusinberry announced Wednesday that Illinois Department of Commerce & Economic Opportunity (IDCEO) has awarded Hoopeston a \$750,000 Community Development Assistance Program (CDAP) grant for a water main project which will allow a new nursing home to be constructed.

The 10" water main will serve a new 75-bed nursing home being built on 25 acres on the north side of Hoopeston, west of Route 1.

The project will extend 5,260 linear feet from the water tower to the site and is expected to cost \$1,088,908. The balance of funding for the project will come from

Tax Increment Finance (TIF) and Depreciation funds.

"Our water service to the new site could not meet the demands of this project, so with the help of Vermilion Advantage, we applied for and won a Community Development Assistance Program (CDAP) grant," Crusinberry said. "We could not complete this critical infrastructure project without the state's help."

The existing nursing home was built in 1970. "The existing facility is outdated, built when institutional standards were different; the new facility is designed to reflect current 'resident-focused' philosophies that will

Grant continued from other side

improve each resident's quality of life by providing private rooms with a shared bath and many other amenities," said Harry Brockus, Hoopeston Regional Health Center CEO.

New amenities include full service kitchen, physical therapy, hospice, whirlpool area, and recreation room, a multi-purpose dining room that will also serve as a chapel and energy efficiency that will allow residents to control the temperature in their rooms.

HRHC, which includes Hoopeston Community Memorial Hospital, nursing home and Country Terrace, is investing \$6 million in construction of the 30,000 square foot, single story nursing home. It will add 18 new full-time-equivalent jobs to its current total of 51.

IDCEO Director, Warren Ribley said, "We are pleased to be able to offer this assistance to help facilitate development of a new skilled care facility in Hoopeston. This project is a great example of how CDAP is helping to improve the quality of life for Illinois residents, making local communities more attractive to development and creating jobs."
