Dillman Eye Care offers new cataract surgery at CHRHC

Patients treated for cataracts by Dillman Eye Care at Carle Hoopeston Regional Health Center (CHRHC) will now benefit from the latest laser surgery treatment. The femtosecond laser, or LenSX, offers a level of precision in refractive cataract surgery not previously available.

CHRHC has been performing refractive cataract surgeries for 15 years under the direction of David Dillman, MD, (ophthalmology). After construction of a new operating suite in 2012, Dillman Eye Care providers identified the new laser technology, FDA-approved LenSX, they thought could be offered at CHRHC.

"This technology significantly increases the accuracy

of measurements and mapping of the eye critical in planning stages of surgery. In addition, the laser is capable of creating a precise, completely aligned incision every time," said Dr. Dillman. "We are pleased to be one of the first cataract treatment facilities in the nation to offer this technology and look forward to adopting more leading treatments to benefit our patients."

This is the first time a femtosecond laser has been made available on a mobile unit, allowing small hospitals like CHRHC to access the technology, which not only allows for more effective cataract removal but also addresses the refractive status of the eye; patients are seeing a more natural vision and have reported not needing their eyeglasses as often.

SightPath Medical recently filmed Dillman Eye Care providers at work in a Carle Hoopeston operating suite and will use that footage to teach both patients and providers how the technology works.

"This laser is one of many incredible options for patients that have come as a result of the integration with Carle and the longstanding relationship with Dillman Eye Care," said Misti Morfey, RN, CHRHC surgical department manager. "We are excited to be able to pro-

CARDS OF THANKS

I would like to take this time to thank everyone who helped with my benefit. My family, friends, and amazing parents. I cannot believe the outpouring of generosity that has come from this small little community. I started a list of all the business's that donated for the benefit and auction and realized that so many people had received donations and brought them in that day that I could not possibly list all of them for fear that I would miss some! So I want to thank all of the businesses here in town, Rossville, Bismarck, Cissna Park, and Danville that donated. It made the benefit a huge success! Thanks to everyone who donated handmade items, baked goods, and their time. But most of all I thank you for all of the prayers, phone calls, flowers, meals, and text. I truly am a blessed woman who believes in the power of prayer, and my healing God.

Sally Patton
