## County mental health board holds training to aid youth

The Vermilion County Mental Health Board is sponsoring a free training on Mental Health First Aid, a new curriculum focused on helping youth who may be experiencing a mental health challenge or in a crisis. Training will be from 8 a.m.-4:30 p.m. July 20 at Danville Township Town Hall, 101 W. North Street Danville.

Training is being offered as a part of a grant through the Illinois Children's Mental Health Partnership and will cover eight hours of instruction and a free 211 page training manual.

Youth Mental Health First Aid is a public education program which introduces participants to risk factors and warning signs of mental health problems in adolescents; builds understanding of the importance of early intervention; and most importantly, teaches individuals how to help a youth who is in crisis or experiencing a mental health or substance use challenge.

Mental Health First Aid uses role-playing and simulations to demonstrate how to assess a mental health crisis; select interventions and provide initial help; and connect young people to professional, peer, social, and self-help care.

The course teaches participants the risk factors and warning signs of a variety of mental health challenges

common among adolescents, including anxiety, depression, psychosis, eating disorders, AD/HD, disruptive behavior disorders, and substance use disorder. Participants do not learn to diagnose nor how to provide any therapy or counseling – rather, participants learn a core five-step action plan to support an adolescent developing signs and symptoms of mental illness or in an emotional crisis:

- Assess for risk of suicide or harm
- Listen non-judgmentally
- Give reassurance and information

## Training continued from other side

- Encourage appropriate professional help
- Encourage self-help and other support strategies

The course is designed for parents as well as adults who regularly interact with adolescents, but may also be appropriate for adolescents 16 and older to encourage peer to peer interaction. Anyone who regularly works or interacts with youth – teachers, athletic coaches, mentors, juvenile justice professionals – may find the course content useful.

There are 30 free spots available and you may secure a spot by calling the Vermilion County Mental Health Board office at 217-443-3500.
