Danville Area Community College lists local 2018 graduates

Danville Area Community conferred degrees and certificates during Commencement exercises May 18. More than 200 graduates participated in the ceremony, while more than 500 degrees and certificates were conferred overall.

Five students who have a cumulative grade-point average of 4.0 graduated with the designation summa cum laude and wore a gold tassel, gold cord, and a medallion.

Graduates of distinction were recognized during the ceremony. In addition to the summa cum laude candidates, those with a cumulative grade-point average of 3.750-3.999 graduated with the designation magna cum laude and wore a gold tassel and a gold cord; and those with a cumulative grade-point average of 3.50-3.749 graduated with the designation cum laude and wore a gold tassel.

Students' ability to be recognized at the graduation ceremony is based on the cumulative grade-point average calculated at the end of the fall semester prior to the spring ceremony.

The academic dress worn by the graduates has gone "green." The caps and gowns were made from REPREVE yarn, certified as being made from 100 percent recycled materials, including post-consumer plastic bottles. The material in each DACC graduate's gown uses about 29 post-consumer bottles, collectively saving nearly 5,800 plastic water bottles from landfills with this one ceremony.

This year's graduates include:
