## Hoopeston Area School District channel 41 is on the air

The latest in Hoopeston Area school information is now being broadcast on television.

Channel 41, dedicated to school district news, began broadcasting last Friday on Hoopeston Cable, said cable manager Monique Lusk.

The system still has a few bugs to be worked out, Lusk said. Audio problems and flashes on the video portion are expected to be fixed soon.

A temporary splice may be causing the problems. A piece of equipment is expected to be here this week to permanently splice the cable.

Dan Reed, Hoopeston Area High School media teacher, and his students will use special equipment to broadcast messages on school activities and emergency announcements. Classes from Danville Area Community College are also expected to be aired.

School activities - including concerts and grade school

skits - may be broadcast via video tape. As students become more proficient with the system, live broadcasts may be added.

The channel is also available to Hoopeston Cable customers in Wellington and Milford.

Although the school purchased software to operate the channel, other equipment, including a fiber optic line, was run by the cable company at no charge. "Our boss is really pro-education," Lusk said.

The fiber optic cable is run from the company's head end to the school and back again. "It's really like they're at our head end," Lusk said.

## Obituaries

**WHITE** - Laura Katherine "Katy" White, 64, of Delaware, Ohio, formerly of Hoopeston, died at 1:20 p. m. Tuesday, Aug. 12, 1997 at Grady Hospital in Delaware. Graveside funeral services will be at 1 p.m. Friday at Floral Hill Cemetery. There will be no visitation. The Brown-Alkire Funeral Home was in charge of arrangements.
