## Hoopeston Multi Agency to host life-saving screenings

The Hoopeston Multi Agency will, on June 16, offer area residents the opportunity to spend a few minutes doing something that could save their lives.

Life Line Screening will offer three primary health screenings to detect the risk of stroke and vascular disease. The tests include a carotid artery screening, abdominal aortic aneurysm test and an ankle brachial index.

On that day, Life Line Screening will also offer a bone density screening for women. The test allows for early detection of osteoporosis.

The fast, painless and low-cost tests use ultrasound technology and are conducted by a registered or registered-eligible ultrasound technologist. A board-certified physician reviews the results of each

test to ensure accuracy before the findings are mailed to each individual. Those whose screenings suggest further evaluation are encouraged to seek follow-up care with their own doctor.

The tests cost \$35 each.

Also available at the screening site will be free information on the identification and control of risk factors, how to recognize the warning signs and symptoms of stroke and other vascular diseases and information on osteoporosis.

Those interested in the vascular or osteoporosis screenings must register at least 24 hours in advance. Appointments may be made by calling (800) 407-

4557. Information on the screenings is also available.

The Multi Agency is located at 206 S. First Ave.

## Fun with Music kicks off library Summer Reading Program

The Hoopeston Public Library Summer Reading Program is getting down to business—funny business, that is.

The program, for children in preschool through sixth grade, will have "Fun with Music" this week, said children's librarian Carol Arnold. Children will play "Name That Tune," dance and may play instruments and dress as their favorite music person.

The Summer Reading Program is held in the library's children's room. Grades 3-6 will meet from 2-3 p.m.

tomorrow. Next week, the program's regular schedule will be effective, with grades 5 and 6 meeting Monday and grades 3 and 4 on Tuesday.

Thursday grades 1 and 2 will meet and preschool and kindergarteners will participate from 10:30-11:30 a.m. Friday.

Other themes for the program, which runs until July 7, include Fun in Egypt, Circus Fun, and Fun With the Gang, "kind of a tribute to Mr. Charles Schulz," Arnold
