### Dear Hoopeston Neighbor:

I am asking for your vote next Tuesday. I think you know me well. I have lived and worked with you for 33 years. My six children went to school with your children. We watched Little League games and school band concerts together. My family donated blood beside you, worked for local charities with you and attended church together.

Not all of you agree with me on every issue, but you know that I've been a hardworking, honest and effective advocate for my clients. It is you—the people of Hoopeston—who permitted me to grow professionally from a one-man solo practice on the second floor of what is now Computer Works to Senior Partner of the largest litigation law firm in Vermilion County. It has been a wonderful town in which to raise our six children, not because of their material achievements but—more importantly—because they seem to have learned that trying to be good and helpful people is the measure of true success.

Bonnie and I are proud to call Hoopeston our home. I'm 60; my children are raised and our home is paid for. I could "slow down" or retire. Instead I am seeking the demanding job of State's Attorney because I have been asked to do so my innumerable police officers who know that good law enforcement is possible with a well-run State's Attorney's office. Please give me the chance to use my ability to restore credibility to this vital office.

I promise that I will work as hard as I can to clean up the problems in the office. If I am fortunate and win this election, I am confident that four years from now, you will be proud that you helped me to do so.

Sincerely Yours,  
**Paul T. Manion**
