**Preliminary cause of death set**

Heart problems are blamed for the death of a Hoopeston man last week. John T. Cottingham had been swimming at the Danville YMCA last Wednesday when emergency help was required. He was pronounced dead at 3:03 p.m. at Provena United Samaritans Medical Center, Logan campus, Danville.

Preliminary autopsy results indicate multiple severe cardiac problems were the immediate cause of death, said Vermilion County Coroner Peggy Johnson. An inquest will be scheduled at a later date.
