Hoopeston Regional Health Center rewards local students

With school budgets being cut all over the state of Illinois it's becoming more difficult for our Hoopeston area schools to help motivate students. Our schools are pushing students to be their best in every part of their lives. With the increased pressure, administrators are always looking for ways to motivate students.

In order to do that, help is often needed from the businesses and organizations outside of the school. Recently the Hoopeston Regional Health Center purchased new release movie, "How to Train Your Dragon," so Hoopeston Area schools could offer it as an incentive to their students. If students met requirements during testing, or

in several different school sponsored activities, they earned the right to see the movie.

HRHC also purchased, "Muppets from Space," for Maple Grade School students, to meet the G rating requirement. When students arrived at the Lorraine Theater they were given a free small popcorn and small lemonade, to help complete the movie theater experience.

HRHC CEO, Harry Brockus, is always looking for new ways to help our area schools. Whether it be through the purchase of a new scoreboard, a donation of snacks, or even a few volunteers to make things easier
