**Letters to the Editor**

**City's first lady addresses litter, recycling**

Seeing the need for a Litter Control Group after Kristie Hudson's valiant efforts with the "Trash Walkers" had ended, I decided to stop complaining about the litter problem. I decided to form a "Be a Part of It" group to try to control the litter problem.

For the last few weeks, we have been meeting on Tuesdays at 6 PM and Saturdays at 8AM at different locations that appeared to need some attention. On Saturday August 14, we will meet at the "Cheese Park" and do North Market and surrounding streets. On Tuesday, August 17, we will meet at John Greer to do West Main and surrounding streets.

I am grateful for the few people that have shown up to help, but it would be wonderful if we could get more people involved. I have enough equipment for many people and picker uppers in small sizes to let the children get involved. I would love to see parents bring their children out to help, setting a good example to teach them to respect other people's property and take pride in their community. I had two eight year olds come to help and they did a great job. If we teach our children these things, maybe someday we will not need a group to come out and pick up after them.

On the same line of thought, aren't we lucky to have a Recycling Program in our community? Although I am amazed at how few households have bins out on pick up day. I know that personally with a household of just two we have two or three less bags of garbage than we did before we started recycling.

If anyone out there wishes to join our effort, even to just walk your own neighborhood, I would be more than happy to give you the things you need to get the job done. If you notice an area that is in need

of attention let me know and we will work it in. We will only be doing this as weather permits so when it starts to get cold I will probably end and start again in the springtime.

We are affiliated with Keep Vermilion County Beautiful and "Be a Part of it" programs.

Thank you again to my few loyal workers, NAPA for donating garbage bags and Just the Facts and Chronicle for posting dates and times.

Again, come out and join us, fresh air and exercise, plus you are doing a good deed, can't get any better than that!

Sincerely,  
Brenda Crusinberry

What a great letter to the editor on behalf of her husband Coach Dick Hobbs.

Eleanor, you have said what everyone else already knows who were there during the creation of Jerky. Jerky and the Cornjerkers are an integral part of the school and the community and should remain this way. There are different ways to market this product so everyone in the community can benefit from this.

Thank you for pointing out the true meaning of what Jerky stands for.

GO CORNJERKERS!
