## Anthem Chevy, HA Youth Soccer team up for fundraiser

In the spirit of teamwork taught by youth sports, Anthem Chevrolet is teaming up with Hoopeston Area Youth Soccer to provide their players and coaches with soccer kits filled with equipment bags, soccer balls, sport cones, practice jerseys and t-shirts, a monetary donation and an opportunity to help them raise funds.

Hoopeston Area Youth Soccer will have the opportunity to raise as much as \$10,000 through a fundraising opportunity where one lucky recipient will win his or her choice of a 2010 Chevrolet Equinox or Malibu. Another lucky winner will receive a home entertainment package.

Anthem Chevrolet and other Champaign-area Chevrolet dealerships are donating these prizes to participating leagues in the area. Proceeds go directly to the leagues, and they can use the funds however they choose.

Some leagues plan to grant scholarships to families who cannot afford to enroll their children in the league, while others will use the funds to improve fields and equipment.

"We are proud to be able to help the kids in our community by donating equipment and giving them the opportunity to raise much-needed funds for their league.. We are excited to be part of the effort this

year, and anticipate a fun-filled season with Hoopeston Area Youth Soccer," said Dave McFadden of Anthem Chevrolet.

A one-time monetary donation check will be presented by Anthem Chevrolet to Hoopeston Area Youth Soccer. The league also will have an opportunity to raise additional funds for their use as part of a Chevrolet Youth Soccer Fundraiser.

Sponsored leagues across the country will each receive 2,000 fundraiser entry tickets to distribute for a suggested donation, and the league will keep 100% of proceeds raised. At the end of the fundraiser, there will be four winners of a Chevy Equinox or Chevy Malibu vehicle of choice (up to \$24,995 in value), and in each participating market there will be a secondary prize of a home entertainment center valued at \$1,000.

## Police News

A 17-year-old Hoopeston girl was charged with battery after an incident at 7:04 p.m. Tuesday in the 600 block of East Thompson. The girl was charged on a complaint from a 19-year-old Hoopeston woman.

**IDOT, ag department remind motorists and farmers to share the road this harvest season**

SPRINGFIELD—As harvest season progresses throughout the state, the Illinois Department of Agriculture (IDOA) and the Illinois Department of Transportation (IDOT) are reminding motorists that farm equipment traffic on roadways will drastically increase over the next several weeks.

“I’m asking for the patience and understanding of motorists during the harvest season,” Agriculture Director Tom Jennings said. “It’s very important that motorists be alert for slow-moving farm vehicles and share the roadway until the harvest is complete.”

Last year, six people were killed and 95 injured in 198 accidents involving cars and farm equipment. The past five years (2005-2009), there have been 1,166 such crashes on Illinois roads, resulting in 21 deaths and 412 injuries. Studies show that left-turn, rear-end and passing collisions are the most common types of accidents involving motorists and farm machinery.

“Harvest is one of the busiest times of year for traffic on rural roads and, unfortunately, we see the

number of crashes between motor vehicles and farm equipment peak during this time,” IDOT Secretary Gary Hannig said. “We want to encourage all motorists to drive cautiously and to be alert for slow-moving vehicles and farm equipment on rural roadways.

Here are a few tips to keep you and your family safe this harvest season:

- Pay attention and don’t drive distracted.
- Slow down when encountering slow moving vehicles.

**Weather**

Mostly sunny today. High 76. Tonight, mostly clear. Low 47. Tomorrow, sunny. High 69, low 45.

For current weather conditions, call Hoopeston Weather Service, (217) 283-6221.

- Pass with extreme caution.
- Allow extra room when following farm equipment.
- Be patient. A farmer can’t always move over to let motorists pass.

If you can’t see the driver, the driver can’t see you. Farm machinery operators may not be able to see you because the large equipment or a load can block part of their rear view.
