## Committee to look at limiting number of dogs per house

Alderwoman Sue Comstock wants to consider limiting the number of dogs Hoopeston residents may have.

At Tuesday's Hoopeston City Council meeting, Comstock said she wants to have a civic improvement committee meeting sometime after Christmas to discuss the idea after she received "several people comment about people having five, six, seven, eight dogs on their property."

In other discussion, Alderman Jeff Johnson told the council that streets in the Prairie Meadows housing development have cracked and will have to be fixed by the developer.

Johnson hypothesized that cracks may have come be-

cause dry weather sucked water from the concrete, causing it to dry too quickly or because rebar was not used. Before the street plan was approved by the council, Johnson lobbied for using rebar but was overruled because neither city ordinance nor industry standards call for it in residential areas.

### Weather

*Thank You*

**To all my family, friends and loyal customers:**  
The last 18 months have been the most trying time of my life and I know that I have not always been available to many of you. But I had a commitment to my wife that I made to her the day we got married - "in sickness and in health, til death do us part." As you know, God called Pat home on August 29, 2010 after a courageous battle on her part.  
I just want to say thanks to my family, friends and customers for all your support and understanding during this time. I also want to thank all the nurses, CNAs and support staff at Hoopeston Nursing Home while Pat was there for therapy. Dr. Colbert and the staff of the medical center also were very kind and caring to Pat. Thank you so much of taking time with Pat!  
Also, I want to thank Hoopeston Ambulance Service for their prompt service when needed, as well as the volunteer firemen who showed up to offer assistance when called. I also want to thank everyone at Carle Hospital for the care they gave to Pat during her stays there. A special thanks to everyone on Six North Tower.  
The road has been pretty rough at times and I hope you never have to travel the path we did, but if you do, I hope you have the support of people like I received.  
The problem with doing a thank you is that someone gets left out and if I have, I say a special thank you to you. All I can say is thanks to everyone who brought food, sent flowers or cards or said a prayer - Thank you from the bottom of my heart.  
I am back at the office now and hope to provide the service to which you are entitled.  
Finally, Pat, I miss you and love you more each day. Walk slowly until we meet again someday.  
Thanks to all.
