Dear Patients and Communities,

As I reflect on the recent celebration of Independence Day I want to personally take the opportunity to **THANK YOU** for your continued support and for allowing Gibson Area Hospital and Health Services (GAHHS) to provide quality health care to you and your families for over 60 years. Our award winning doctors and hospital staff have allowed us to grow and expand in an environment where other facilities our size have faced difficult choices that have affected their communities. Due to your support, Gibson Area Hospital has been able to maintain a strong, Independent presence in the landscape of Central Illinois health care. For this, we are truly grateful to each of you.

With health care reform rapidly approaching, we understand that there is a level of uncertainty as to how the provision of health care in our community will be impacted. We believe, particularly in light of these impending changes, that it is important to keep the public informed. Our facility sees health care as a three pillar foundation of *Trust, Tradition and Transparency*, with the Communities **and Patients we serve our top priorities**. Information regarding GAHHS and our staff, as well as information regarding upcoming events and educational classes, is available at www.gibsonhospital.org. Our website also reflects a number of GAHHS achievements, including our Healthgrades Five Star award in Orthopedics, Women's OB Certified, #1 Overall patient satisfaction, and the prestigious 2013 National Rural Health Association Quality Award (we are the only hospital in Illinois to ever receive this award!).

We are not without challenges as we continue to strive for the highest patient satisfaction and quality. GAHHS, as with other healthcare providers, is regularly subject to State inspections, certifications, and healthcare regulatory body surveys. The hospital expects a Joint Commission survey within the next 3 months, the results of which will also be a matter of public notice (at Hospital and/or in newspaper). Recently, the Illinois Department of Public Health made us aware of an area for improvement under the Medicare Conditions of Participation. We expect a follow-up, on-site visit from the Department in the near future, which will be a matter of public notice (at Hospital and/or in newspaper). Gibson Area Hospital & Health Services appreciates this input from State officials and welcomes suggestions from both the State and its patients and their families to help us maintain the highest level quality care that we can provide.

The GAHHS vision is to be ***The Model of Excellence*** in rural health care. With the continued support of the community, physicians, staff, volunteers, board of directors, and our patients, this vision will continue to be a reality. Thank you once again for supporting Gibson Area Hospital and helping us maintain our independence. We look forward to completion of our new construction project which will provide a state of the art Obstetrics Unit, all private inpatient rooms, new surgical inpatient rooms, additional surgery suites and expansion of services to better serve you. Overall these accomplishments would not have been possible without **YOU** the patients, families and communities. Our doors are always open because this is **YOUR** hospital.

Sincerely,

Robert C. Schmitt II
Chief Executive Officer
Gibson Area Hospital and Health Services
