We've got your back!

David is a smart, motivated and personable eleven-year-old boy who lives with his parents and younger sister in Johnson, IL. He enjoys going to school, practicing basketball and cheering on his two favorite pro teams - the Indianapolis Colts and the St. Louis Cardinals. In July 2011, David was diagnosed with T-cell lymphoma. David has undergone several rounds of chemotherapy, many doctor visits and chemo, and told his hair for some time. His illness has compromised his immune system and leaves his energy levels through it all. David maintains his magnetic and inspirational personality. When asked his most heartfelt wish, David revealed that he would like to go to Hawaii and see Pearl Harbor. David and his family love to travel. This January David was treated for cancer. David was treated for cancer. I just really wanted to thank Lauren and the whole chapter of Make-A-Wish for making this trip possible. We understand the importance of family time than ever, and thank you so much for providing the opportunity to enjoy one another."
