Illinois Department of Revenue sets tentative multiplier

SPRINGFIELD—Vermilion County has been issued a tentative property assessment equalization factor of 1.0000, according to Brian Hamer, Director of the Illinois Department of Revenue.

The property assessment equalization factor, often called the "multiplier", is the method used to achieve uniform property assessments among counties, as required by law. This equalization is particularly important because some of the state's 6,600 local taxing districts overlap into two or more counties (e.g. school districts, junior college districts, fire protection districts). If there were no equalization among counties, substantial

inequities among taxpayers with comparable properties would result.

State law requires property in Illinois to be assessed at one-third (1/3) of its market value. Farm property is assessed differently, with farm homesites and dwellings subject to regular assessing and equalization procedures, but with farmland and farm buildings assessed according to standards based on productivity.

The equalization factor is determined annually for each county by comparing the sales price of individual properties sold over the past three years to the assessed

Police News

A yellow and blue girl's bicycle was reported stolen Wednesday from the 500 block of West Lincoln. The bike has baskets on the front and back.

Fire Calls

Hoopeston Fire Department was called at 7:45 p.m. Wednesday to the 400 block of South Second Ave., for the smell of electric burning and smoke inside. No injuries were reported.

Multiplier continued from other side

value placed on those properties by the county supervisor of assessments/county assessor.

If this three-year average level of assessment is one-third of market value, the equalization factor will be one (1). If the average level of assessment is greater than one-third of market value, the equalization factor will be less than one (1). And if the average level of assessment is less than one-third of market value, the equalization factor will be greater than one (1).

Assessments in Vermilion County are at 33.43 percent of market value, based on sales of properties in 2011, 2012, and 2013.

The equalization factor currently being assigned is for 2014 taxes, payable in 2015.

Last year's equalization factor for the county was 1.0000.

Weather

Partly sunny today. High 63. Tonight, mostly cloudy. Low 47. Tomorrow, mostly sunny. High 64, low 45. Sunday, sunny. High 68, low 48.
