Advertisers need to respond

This letter is a long time coming. I have found through very hard experience that getting certain businesses in Hoopeston, who advertise to even return calls. And I am not the only one who lives here who had things to be done or to purchase items who had a hard time with that!

I am a native, but moved to the "big city," and having lived here for eight years now. Other folks were new, so I am not the only one who has not had good experience with some. And I stress some, not all.

It took me almost two years just to get a steady business to mow my yard! I had called several times to those in town and they never even returned my calls. I consider that not only strange, but if one is advertising, at least they could give the caller the courtesy of letting them know if they are too booked up to take on another client. I let it go too long, I guess, calling about once or twice a week for over a month - dumb I know.

I needed more planting done for my own enjoyment and "curb appeal" so a business planted a couple flower gardens and never contacted me about the other plantings nor returned my calls and now the flowers are over-run by weeds. I need some other things done also and most of the folks are out of town.

How can we do some business in town if no one calls or shows up? Thanks to those who do!

I think this mystery will remain just that; a mystery. I try to be fair, but unless someone had a dire illness in their family or some such disaster, there is no excuse.

Letters to the Editor

Bushes have to be planted at a certain time of year and take awhile to grow and bloom. I am not elderly but no youngster, either, and I had hoped to see something growing bigger by next year but...At least I do have something pretty to look at, Thank you, God and to those who did plant years ago. My peace rose was very beautiful but passed away due to this harsh winter.

Holiday lights would boost city

First of all I would like to say that I think that Hoopeston has many good things and many things to be proud of. We have a great school system, we have a hospital that seems to be taking care of our needs. We have a police force that is very proactive and always around doing their job very efficiently. We have the city departments that, in my opinion, really do a great job of keeping the city clean and functions very efficiently. We have people that are willing to volunteer their time and energy to make Hoopeston a better place to live.

There is one thing that in our opinion would help Hoopeston. We have a beautiful park and it sits right on Route 1. I think that at Christmas time, we should utilize the park with a lot of decorations that would really make Hoopeston stand out.

This is not an original idea. We have been through other cities that have parks on the main highway leading through there towns and have seen some of the wonderful things they have done at Christmas. Would it be a lot of work? Yes! We would not only need volunteers

but we would have to get businesses to sponsor it to raise money to accomplish this. I think once it got off the ground and people saw how this would beautify our city that more people would get on board.

My wife has brought it up to previous mayors and nobody seemed interested. Now we bring it up to our present mayor. If there is no interest in it that's ok. We will drop it. You wanted ideas to improve Hoopeston and this is ours. We will be willing to work the idea up and present it to the proper committees and help in any way we can.

This is just one idea.

Oh and one more thing I really think that Hoopeston needs is another grocery store. However that is a whole other idea for another time...
