## Latest library offering makes magazine reading mobile

The latest magazines are now available electronically to Hoopeston Public Library cardholders.

In partnership with Illinois Heartland Library System and RBDigital, HPL is pleased to announce the availability of Zinio for Libraries, the world's largest newsstand.

Through the library's website, [hooplib.org](http://hooplib.org), patrons now have unlimited access to more than 85 digital magazines, easily viewed on home or library computers, smartphones and tablets.

"For patrons who enjoy reading on the go, Zinio

for Libraries offers a wide range of magazines, including many special interest publications which we do not currently carry in print at the library," said Tricia Freeland, HPL director.

Accessing the service requires a valid Hoopeston Public Library library card and installation of the Zinio for Libraries app. Zinio offers both current and back issues of publications and is available on multiple platforms.

For more information, stop by the library, or click the Zinio for Libraries link on the HPL website.
