Board member disputes political ad

Voters for Vermilion County Board District 1:

Today, you have a choice on your ballot for your Vermilion County Board seat. In today's election world we always hear about "Fact Checking" and I thought now would be a perfect time to do just that!

Is your county budget deficit at almost \$2 million as claimed in a political ad I read in here yesterday? NO, it is not! You, the voter, can see everything you need to draw your own verdict on the county website: ver-county.org and look for the Open Gov Accounting link.

Political firings: Just because a fired employee claims it was political does not prove that it was! And what's good for the goose is good for the gander too, right?

County health department shutting down church dinners cooked at home: For one, the wording sounds a little harsh! It wasn't like they came in and locked the doors and threw away the key! As much as I don't agree with the STATE LAW either, until we change the law at the state level, then we abide by it. Further-

more, that is a point to elect someone on?

Pay raises for county officials until a balanced budget is approved: I am not aware of anyone that is in control of the budget that has gotten one, as a matter of fact, the board chair took a decrease.

When we walk into County Board Chambers, we don't walk in as Democrats or Republicans. We walk in as business owners, mothers, fathers, police officers, farmers, etc., to do what is right with your tax dollars.

You have 3 strong voices on the county board in District 1 right now: Todd Johnson, Darren Duncan and myself, Larry Baughn. We are voices that serve and chair many committees on the county board. We have taken three steps forward, lets not take one back.

Let's keep Vermilion County moving forward. Join me in voting Darren Duncan for County Board.

And while I have your attention...How about those CUBS!

Larry Baughn
