Carle Hoopeston honored for excellence in care, performance

The Illinois Critical Access Hospital Network (ICAHN) recently recognized Carle Hoopeston Regional Health Center (CHRHC) for its ongoing commitment to exceptional quality of care, during a ceremony held November 14th at the iHotel and Conference Center, Champaign.

As part of the Federal Office of Rural Health Policy Medicare Beneficiary Quality Improvement Program (MBQIP), Carle Hoopeston Regional Health Center voluntarily participated in defined areas of quality outcomes including patient safety/inpatient; patient engagement; care transitions; and outpatient measures.

"Often, in rural hospitals, having a devoted staff member to abstract and submit this data can be both time-consuming and burdensome," said Angie Charlet, ICAHN Director of Quality, Educational Services, and Compliance. "This hospital realizes how important quality of care and an engaged staff is for its patients. From its top leadership on throughout the facility, each strives for continued quality on a daily basis, and that is what we are celebrating today."

CHRHC demonstrated top performance with a greater than 95% quality score in each of the four areas
