From the Blotter

Police are investigating an incident of criminal damage reported at 12:36 p.m. by a resident of the 600 block of East McNeil. Nothing was listed as missing at the time of the report.

Katelynn Drake, 24, of Rossville, was arrested at 6:15 p.m. Wednesday after officers were called to the police station for a woman causing problems. She was charged with resisting arrest and aggravated battery to a police officer and was taken to the Public Safety Building in Danville.

No tickets or injuries were reported in an accident at 5:57 Tuesday in the 200 block of East Main. Police said Esther Kacmas, 39, of Lebanon, Ind., backed a 2010 Hyundai from a parking space into a parked 2014 Dodge truck owned by Michael Webb, 56, of Hoopeston.

No tickets or injuries were reported in an accident at 4:01 p.m. Thursday at Hoopeston Area High School, 615 E. Orange.

Police said Mauricio Gonzalez, 18, in a 2007 Hummer, backed from a parking space, striking the front end of a 2012 Chevrolet Malibu driven by Madalyne Goble, 18, of Hoopeston.

A girl's red bicycle was found Friday in the area of the 300 block of North Third St. The owner may identify and claim it at the police station.

George K. Carswell, 54, of Hoopeston, turned himself in to police at 11:35 p.m. Saturday. Wanted on a Vermilion County warrant, he was released on bond with a new court date.

Fire Calls

Hoopeston Fire Department was called at 9:59 a.m. Friday to Maple Grade School for an activated fire alarm. Students were moved to St. Anthony's while firemen investigated and found a faulty heat detector. No injuries were reported.

Hub City Media, a recognized Identity and Access Management thought leader, is opening an office in Rossville, starting November 2019.

Are you up to the challenge? Are you passionate about technology and have an interest in cybersecurity? Are you a dynamic, enthusiastic individual with excellent technical and communication skills ready to fill the entry-level Systems Engineer I position in our Professional Services Department?

Then put your inquisitive and engineering skills to work with our Identity and Access Management clients!

Hub City Media is looking for an entry-level Systems Engineer I in our Professional Services Department with the ability to complete software implementations for many of the world's largest Fortune companies. This individual will work as part of our Technical Team, collaborating with Sales Consultants, Key Account Executives and clients to ensure successful deployments of Identity and Access Management solutions.

Essential Duties and Responsibilities:

- Ability to learn complex software solutions that support Identity and Access Management
- Apply technical expertise in decision-making and resolution of highly complex and technical problems
- Possess engineering skills required for building and testing the systems environment and for break / fix solution for escalated issues
- Exercise regular and clear communication with our clients to establish, maintain and solidify a lasting relationship
- Identify opportunities, issues and perform risk management, including appropriate mitigation
- Ability to closely collaborate and work both horizontally and vertically within the organization

Think strategically and participate in growing our company beyond the 'what is' into the realm of 'what can be'

Education, Training and Experience:

- Degree in Computer Science, Information Systems, Engineering or related field of study or equivalent experience
- Education and academic experience developing in Java and JavaScript
- Education and academic experience developing in Python a strong plus
- Education and academic experience in Linux a strong plus
- Customer service / client satisfaction experience a plus
- Experience with SDLC a plus
- Executing unit and system test plans a strong plus
- Proficiency using Microsoft Office and Google G Suite
- Strong organizational and written / verbal communication skills with great attention to detail
- Ability to juggle multiple responsibilities while meeting demanding deadlines, produce high quality work and project a positive attitude
- Detail-oriented, self-motivated and highly organized with solid problem solving skills
- Strong ability to build lasting relationships with clients
- Highly professional; communicate to all business levels

Ability to travel

Our Unique Culture Offers:

- A highly collaborative environment that pushes you to think beyond your boundaries
- A diverse workload, keeping you continually stimulated
- An open forum for expression of ideas
- Diverse opportunities to expand your skills

Comprehensive training and support as you face new challenges
