Illinois expands funding for energy, block grant programs

BELLEVILLE—Gov. JB Pritzker and Illinois Department of Commerce and Economic Opportunity (DCEO) announced \$275 million in funding for the Low-Income Home Energy Assistance Program (LIHEAP) and Community Services Block Grant (CSBG) programs.

Funding includes an additional \$90 million from the CARES Act, allowing the state to increase eligibility for these programs to one million income-qualified Illinoisans.

Illinoisans can apply to receive assistance with food, rent, utilities, temporary shelter, medicine and other essential household services. To learn more and to fill out new remote applications, visit www.helpillinoisfamilies.com.

Residents who believe they may be eligible should visit the website and follow easy steps to apply immediately. The following documentation required for applying, depending on type of assistance being sought:

- Proof of employment (paystubs) for the head of the household for the last 30 days.
- Copy of current heat/electric bills within the last 30 days (if they pay for energy directly).
- Copy of a rental agreement (for renters) showing utilities are not included, monthly rent and landlord contact information.
- Proof of Social Security numbers for all household members.
