## Walk-in Covid vaccine appointments ending Wednesday

Carle Hoopeston Regional Health Center, in partnership with the Illinois Department of Public Health (IDPH), is offering COVID-19 vaccines at Village Mall in Danville.

Same day and limited walk-in appointments are now available until all available dosages are administered. Vaccine is available for those who live or work in Vermilion County who are currently eligible to receive vaccine.

"The walk-in opportunity has been well received," Kimberly Franklin, MSN, patient care manager, said. "People are noting it's very quick, easy and convenient. We hope to see more people out early this week to protect themselves and others by getting the vaccine."

Walk-in appointments are available Wednesday, March 17 from 8 – 11:30 a.m. and 1 – 4 p.m.

Vermilion County vaccine clinics are held at Village Mall, 2917 N Vermilion St., (inside the former Hallmark storefront). Please enter through the main mall entrance near Joann Fabrics.

To pre-register, schedule online through MyCarle.com for the fastest service or call (217) 902-6100. Due to high call volume, you may experience an extended wait time so we appreciate your patience.

Sign up for text or phone notification when new ap-

pointments become available at [carle.org](http://carle.org).

Patients will need to wear a face covering, practice social distancing and plan to allow at least 15 minutes for observation after the vaccination. Please limit the number of individuals in your party who are not receiving the vaccine and wear clothing to allow easy access to the upper portion of the arm for the injection.

## Vermilion County featured in state release as residents receive vaccine

Vermilion County was in the state spotlight Friday as Gov. J.B. Pritzker highlighted Covid-19 vaccine efforts in Vermilion and DeKalb counties in a press release issued statewide.

"I'm proud to deploy Illinois National Guard teams and additional state resources to Vermillion and DeKalb counties to ensure local residents are able to receive their vaccines as efficiently and equitably as possible," Pritzker said. "One in five Illinoisans have already received their first dose of vaccine, and as the federal government prepares to increase Illinois' deliveries to over 100,000 a day in the coming weeks, IDPH and our 97 local health departments are prepared to meet the moment."

Public Health Administrator Doug Toole said 400 people were vaccinated Monday at Danville Area Community College. Another vaccine clinic will be held there Wednesday. A clinic scheduled Thursday at Vermilion County Airport has been canceled due to impending weather, specifically high winds and how that would affect clinic tents.

According to state figures, Vermilion County has administered 21,725 vaccines (first and second doses). Total number of people fully vaccinated in the county as of Monday evening was 8,168.

disabilities

Residents age 65 or older in-person

And those who live or work in Vermilion County in these categories:

Healthcare workers outlined in Phase 1a and those in hospital and non-hospital settings who have the potential for direct or indirect exposure to patients or infectious materials as well as those who care for a disabled family member.

Essential workers defined as:
