

An illustration of an open tomb. A large, smooth, light-colored stone is rolled away from the entrance of a dark, rectangular opening in a stone wall. A bright, golden light shines from the opening, creating a lens flare effect. The surrounding stone wall is made of rough, grey and brown stones. The ground in front of the tomb is covered with reddish-brown earth and some small plants.

He is Risen!

Just the Facts is not being published today due to Easter. Publication will resume Tuesday.
