## ISA Field Talk to focus on nitrogen from legume cover crops

The results of a Hoopeston area farmer's ongoing study in using a cover crop to help save on nitrogen costs will be discussed at the upcoming Illinois Soybean Association Field Talk.

As an Illinois farmer, David Olson faced rising nitrogen bills. To alleviate this issue, he began to implement legume cover crops on his farm to produce nitrogen after wheat harvest.

Starting out, Olson had many questions about costs, synthetic fertilizer, yield and return on investment (ROI). To find answers, he collaborated with Jim Isermann of the Illinois Sustainable Ag Partnership to develop research plots on his farm for evaluation over a four- to five-year period. Doug Hanson, with ProHarvest Seeds, also assisted with soil and nitrate testing and selected cover crop species for the plots.

Illinois soybean farmers will have the opportunity to learn about this multiyear study at the ISA Field Talk

from 9 a.m. until noon on September 9. During the event, Olson and a lineup of expert speakers will explain the first year of this study pertaining to legume cover crop after wheat and nitrogen management. The study aims to assess the cost, ROI and average yield of this multiyear legume cover crop and nitrogen management strategy.

Olson's farm is at 11342 E 4000 North Rd. The field is 3/4 mi. south of the farm.

Preregistration is required at [ILSoyAdvisor.com](http://ILSoyAdvisor.com). Lunch and CCA credits provided. The first 50 registrants will receive a free Illinois Soybean Association bag chair.

ISA Field Talk is sponsored by Vermilion Co. SWCD, American Farmland Trust, ProHarvest Seeds and Jim Isermann, Illinois Sustainable Ag Partnership (ISAP).

## HART helps with animal care, lodging after man becomes ill

An Iowa man learned last weekend that Hoopeston Animal Rescue Team (HART) has a heart not only for animals, but also for their owners.

On Friday, HART Director Sherry Klemme was notified by Hoopeston Dispatch of a man from out of state, who while traveling with his two dogs, experienced a medical emergency. Dispatch asked if HART could hold the dogs.

As the man recuperated, his son drove six hours to be with him. HART volunteers kicked into action to find a place for the two to spend the night. All local accommodations were filled, so HART volunteers started pledging money to pay for a motel room in Paxton, along with gas and food.

The next morning, the dogs were reunited with their dad and human brother and headed back home.

## Letters to the Editor

### *Alderman praises city workers*

I would like to take a moment to thank Hoopeston City employees who are the city's Frontline Workers! From crews keeping our parks beautiful, keeping our streets and alleys maintained, manicuring Floral Hill Cemetery, water and sewer, and our city office employees.....YOUR dedication and service makes our community a better place to live! I commend you and appreciate your efforts!

Each of these departments operates on what I would say is Minimal Manpower! Let me explain.

The past few weeks we have had Metro Communications in town installing underground fiber optics. This is a huge undertaking which not only requires Metro Communications workers but also requires our five city water employees to do locates prior to their boring. Metro has been working long hours, evenings and weekends. This has resulted in overtime charges for city water guys to the city budget. Our guys have had to hustle these past several weeks to stay ahead of the project for Metro.

Unfortunately, it has resulted in a number of sewer line breaks which pulls our men away from locating to do standard repairs. Our water department has done a fantastic job keeping up! Thank you, guys! We appreciate your dedication and hard work.

## From the Blotter

**Linsey Warner**, 35, of Hoopeston, was arrested after police checked out with her at 5:06 a.m. Monday at the Penn St. railroad tracks. Wanted on a Champaign County warrant, she was processed at the police station and released with a new date in Champaign County Court.

**Olivia Simonton**, 20, of Hoopeston, was charged with disobeying a traffic control device and driving while license suspended after a traffic stop at 9:39 p.m. Monday at South Market and East Lincoln.

She was released from the scene with notices to appear in Vermilion County Traffic Court.

## Fire Calls

Hoopeston Fire Department was called at 10:04 p.m. Monday for a possible illegal burn at South Third Ave. and West Washington.

Fire personnel determined the fire was under control and cleared the scene.

Five men cannot do everything! Nor can they be everywhere! How can you help? When you are doing yard work, how about taking a couple of minutes to sweep the debris away from your storm sewer and bag it up for trash. Pretty simple request but when a hard rain hits, it will greatly help water drainage and runoff.

Stop by City Hall, Street and Alley, Water Department and tell our City Employees "Thank You" or if you see them on the street give them a "Shout out" saying, "Thank you!" Everyone likes to feel appreciated and valued!

In closing, keep in mind "It takes an entire community working together to create a smooth running city!"

Thank you to ALL CITY EMPLOYEES!

Stephen Eyrich  
Ward 1 Alderman
